

Asbestos & Demolition Service Providers

A Message from the Spokane Regional Clean Air Agency

The Spokane Regional Clean Air Agency (Spokane Clean Air) receives frequent requests for names of asbestos and demolition service providers. Services include conducting asbestos surveys, abating/removing asbestos, providing asbestos training and performing demolition work.

Below is a list of companies that provide one or more of these services in Spokane County. Additions are made by request. Spokane Clean Air is in no way recommending the companies on this list.

Asbestos & Demolition Service Providers

Research a company's credentials prior to hiring them. The Washington State Department of Labor and Industries (L&I) has a publication titled *Hiring a Contractor or Remodeler? What You Should Know*, which has pertinent information you should review.

Spokane Clean Air has a link to the publication at www.spokanecleanair.org/asbestos_publications.asp. It can also be found by searching publications at www.lni.wa.gov.

If you're hiring someone to perform an asbestos survey and/or remove asbestos, be sure to read *Need an Asbestos Survey?* and *Need Asbestos Removed?* fact sheets which are available by contacting Spokane Clean Air. In addition, Spokane Clean Air recently added a new searchable database of violation/penalty histories. If you'd like to review a company's history regarding enforcement by Spokane Clean Air, go to www.spokanecleanair.org/penalty_history.asp.

In general, be wary of inspectors or contractors who:

- ◆ Offer a special price only if you sign today or use other high pressure sales techniques
- ◆ Accept only cash and/or require large deposits up front
- ◆ Do not provide a written estimate or provide an estimate that is incomplete
- ◆ Want to do most of their work on weekends or after-hours
- ◆ Give you an offer that sounds too good to be true

Additional Resources:

Spokane Regional Clean Air Agency - has a variety of print materials related to asbestos, including "Renovation, Demolition & Asbestos Rules," "Need Asbestos Removed?" and "Need as Asbestos Survey?" Contact the agency for these materials:
